“The JOURNAL OF COGNITIVE LIBERTIES provides unique and essential information on the latest political and legal developments in mental freedom and autonomy.”

—Rick Doblin, Ph.D.,
Kennedy School of
Government, Harvard
University

“The JOURNAL OF COGNITIVE LIBERTIES is an important source...”

—Dr. Thomas Szasz,
Health Science
Center, SUNY

In the upcoming *fast-forward* decades, the *Journal of Cognitive Liberties* promises to be a unique and essential resource for scholars interested in emergent ethical and legal theories constellated around the individual’s right to autonomy of mind.

The *Journal of Cognitive Liberties* seeks to define and vitalize the public debate over human autonomy and mental emancipation. Our international publication focuses on new and old drugs, techniques, and technologies that have the potential to enhance, augment, or restrict freedom of thought.

Provides important discussions to a multi-disciplinary audience of incredible diversity, including:

- Legal professionals (lawyers, judges, and law students),
- Medical doctors and mental health professionals
- Theologians and ethicists
- Cultural critics
- Political activists
- Technology theorists
